PRESIDENT'S MESSAGE

TRANSFORMING OT - FOR TODAY AND TOMORROW!

Welcome to the 43rd Annual Conference and Expo in the city that has become a familiar location for us – Pasadena! Over the past few years we have celebrated 40 years of OTAC and 100 years of the American Occupational Therapy Association and occupational therapy itself. Envisioning our future we then asked each one of you to be bold and to focus on building capacity on all levels – as an individual, in teams of practitioners, and for our practice at large. Next, we ask you to think of TRANSFORMATION!

Transformation refers to a significant shift in appearance or structure, a reconstruction, a reformation. Moving this profession and your place in it toward the goals you envision for yourself starts within. Anchoring ourselves with a sense of who we are and confidently applying such knowledge to becoming who we wish to be yields transformation. Being bold and building our own capacity to do great things yields change – yields transformation.

Please join us for a weekend filled with transformative energy. We have carefully constructed each day to highlight a keynote or feature presenter message. We welcome AOTA President Wendy Hildenbrand on Friday who will address a *New Day, New Way* approach to participating actively in the reconstruction of our professional relationships and the construction of this profession's future. On Saturday, we will have the benefit of welcoming Boris Jimenez from Homeboy Industries in Los Angeles. He, his wife, and other colleagues will address how individuals look within and to each other to find the strength for great personal transformation – the kind others thought impossible for some individuals. Wrapping it all up on Sunday, we will bring back personal trainer and lifestyle coach, Joseph Hawthorne, now the founder and lead visionary for Truth of Transformation, a lifestyle management approach designed to help individuals “live free forever.”

We are excited to bring you an array of keynote addresses as well as sessions all day long on transformation: of the self, of the individual with whom we engage, and of each other as well as the profession at large. Plan to come and spend some quality time expanding your sense of the power of occupation with additional perspectives of how it can be leveraged for long-lasting, powerful shifts in your life and that of those around you.

About the Awards Luncheon and Symposium

Recipients of the 2019 CFOT scholarships, research grants, and awards will be announced at the annual CFOT Awards Luncheon and Symposium on Friday, October 18, 11:30am–1:00pm.

Honored Lecturer –

Shawn Phipps, PhD, MS, OTR/L, FAOTA

Occupational Therapy and Neuroplasticity Following Traumatic Brain Injury: The CAPE Recovery Model

This year's Honored Lecturer Shawn Phipps, PhD, MS, OTR/L, FAOTA, is currently the chief quality officer and associate hospital administrator at Rancho Los Amigos National Rehabilitation Center.

He will share the inspirational story of the challenges and triumphs of a patient who suffered a severe traumatic brain injury from a motor vehicle accident. The power of occupational therapy and neuroplasticity is described using the CAPE Recovery Model, which requires challenge, action, practice, and evaluation to build new pathways in the brain through the ordinary and extraordinary activities of daily life that support recovery so that individuals with traumatic brain injury and other disorders of the brain can live life to its fullest. You will experience laughter, tears, and joy as you hear the effect of occupational therapy and neuroplasticity in supporting recovery and beyond after a life changing injury to the brain.

The CFOT Honored Lecturer Award recognizes California occupational therapy practitioners who have demonstrated leadership and promoted ideas and visions in occupational therapy for the profession, and a presentation gives them an opportunity to share their insights and knowledge with the occupational therapy community at the CFOT Awards Luncheon and Symposium.

Shawn Phipps, PhD,
MS, OTR/L, FAOTA

Humanitarian of the Year – Elyse Gordon

The CFOT Humanitarian Award recognizes individuals or groups who have demonstrated exceptional commitment to the philosophical principles of occupational therapy and engaged in significant humanitarian activities. These activities may include:

- Helping to enhance and maximize the potential of the recipients of occupational therapy services
- Encouraging and fostering individual responsibility and human dignity
- Improving health status and enhancing quality of life
- Providing a model for community service
- Creating a healthy society.

This year, CFOT is presenting the Humanitarian of the Year Award to Elyse Gordon, in recognition of her dedication to fostering 140 at-risk babies who have been abandoned or exposed to drugs, as well as her previous roles as a general education and special education teacher.

Elyse Gordon

Meritorious Service Award – Julie Shaperman, MSPH, OTR/L, FAOTA

The California Foundation for Occupational Therapy (CFOT) is honored and privileged to pay tribute to and present the Meritorious Service Award to Julie Shaperman, MSPH, OTR/L, FAOTA. After nearly 40 years of sustained commitment to the CFOT, Shaperman resigned from her position as vice president in November 2018. She has always been and always will be a profound leader in the CFOT. She has been the “rock,” the “pillar,” and the original inspiration for, and one of the founders, of the California Foundation for Occupational Therapy.

The CFOT Meritorious Service award is presented to an individual who has demonstrated exceptional service over five or more years as a current or past member of the CFOT Board and has made a major impact on advancing CFOT's mission and the profession in the present and into the future.

Julie Shaperman,
MSPH, OTR/L, FAOTA

Lisa Deshaies invites you to help CFOT reach its fundraising goal.
